

Research Associate

CREB

Job Details

- Location: Lahore, Pakistan
- Salary: [PKR 960,000 – 1,440,000 annually for 40 hours per week]
- Term of contract: 1 year (extendable)
- Start: as soon as possible
- Benefits: Health and Maternity benefits

Competitive salary and opportunities to build your teaching profile

What will you do?

- You will split your time equally between research and teaching.
- You will spend 50% on your time on research. The expectation will be for you to use this time to support existing research projects; fieldwork, data cleaning, analysis, writing and dissemination of findings in seminars and conferences – or contribute towards initiating new ones.
- You will spend the remaining 50% of your time on teaching 4 undergraduate courses per year.

Who can apply?

- Apply for this job if you have earned a Master's degree (from a reputable university abroad is a plus) within the past 5 years.
- Past experience of fieldwork, data analysis, research is an asset.
- The position is ideal for gaining pre-doc research experience before starting a PhD.

How to apply

Apply by email at creb.lahore@gmail.com and send the following:

- A cover letter to explain your interest and motivation for applying for the position (500 words max);
- A current curriculum vitae;
- A writing sample; this can be a published paper, a draft working paper or a chapter from your dissertation.
